**MOHIT PAPER MILLS LTD.  
MOHIT TISSUES PVT. LTD.**

# ABOUT US

Mohit Group is a leading manufacturer of virgin high-quality writing and printing paper, tissue paper, MG poster paper and speciality paper in India. With over 30 years of extensive experience in the paper industry, Mr. Sandeep Jain and Mr. Mohit Jain guides the company's commitment to modernization, sustainability, and exceptional customer service.

Our registered office is located at 15A/13, Upper Ground Floor, East Patel Nagar, New Delhi-110008, while our manufacturing facility is situated at 9 km stone, Nagina Road, Bijnor, UP-246701. Our manufacturing facility operates on an agro-based model, utilizing agricultural by-products such as bagasse and other locally sourced agricultural waste. This sustainable approach not only supports local agriculture but also minimizes environmental impact by reducing reliance on virgin wood pulp.

## CERTIFICATES

## OUR VISION

Our vision is to enhance our product offerings while maintaining our core values of quality, affordability, and environmental stewardship.

## OUR MISSION

To manufacture paper of outstanding quality using renewable agricultural by-products, maintain cost-efficient operations, commit to ethical business practices and environmental stewardship, and create long-term value for our customers.

# COMMITMENT TO SUSTAINABILITY

At Mohit group, we place a strong emphasis on eco-friendly practices. Our innovative use of bagasse as a primary raw material plays a crucial role in preserving forests and minimizing waste. We continuously seek to enhance our sustainability initiatives through advanced technologies. Our state-of-the-art facility is equipped with:

**Chemical Recovery Plant:** This facility recycles caustic soda, producing valuable steam as a by-product by firing black liquor in Recovery Boiler, thus optimizing resource utilization.

---

**Effluent Treatment Plant:** This ensures effective pollution control and water management, maintaining our commitment to environmental responsibility.

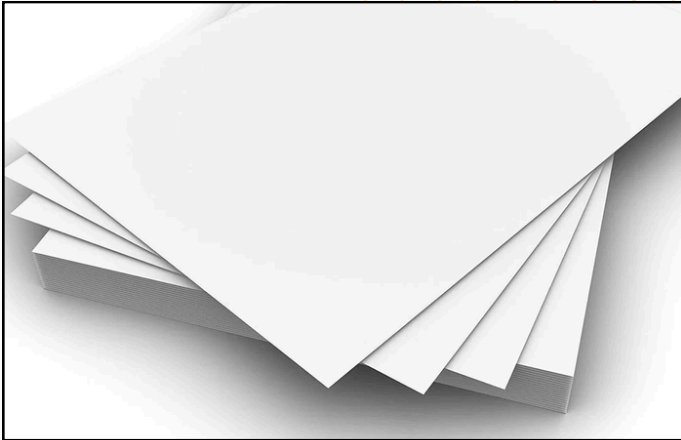

---

**Captive Power Plant:** Our self-sufficient power generation facility meets all the energy requirements of the factory, reducing our carbon footprint.
